Department of Health and Human Services

Substance Abuse and Mental Health Services Administration

National Child Traumatic Stress Initiative Community Treatment and Services Centers Grants (CTS Centers) (Modification)

Request for Applications (RFA) No. SM-09-017

Catalogue of Federal Domestic Assistance (CFDA) No.: 93.243

Key Dates:

Application Deadline	Applications are due by May 13, 2009
Intergovernmental Review	Applicants must comply with E.O. 12372 if their State(s)
(E.O. 12372)	participates. Review process recommendations from the State
	Single Point of Contact (SPOC) are due no later than 60 days
	after application deadline.
Public Health System Impact	Applicants must send the PHSIS to appropriate State and local
Statement (PHSIS)/Single	health agencies by application deadline. Comments from Single
State Agency Coordination	State Agency are due no later than 60 days after application
	deadline.

Executive Summary:

The Substance Abuse and Mental Health Services Administration, Center for Mental Health Services is accepting applications for fiscal year (FY) 2009 National Child Traumatic Stress Initiative (NCTSI) Community Treatment and Services Centers grants. The purpose of this program is to improve treatment and services for children and adolescents in the United States who have experienced traumatic events. The initiative is designed to address child trauma issues by creating a national network of grantees—the National Child Traumatic Stress Network—that work collaboratively to develop and promote effective community practices for children and adolescents exposed to a wide array of traumatic events. SAMHSA/CMHS is especially interested in applications focused on the role of resiliency in recovery from trauma as well as applications from applicants with prior experience in the NCTSI and extensive experience in the field of trauma-related mental disorders in children, youth and families, especially in the areas of child abuse and residential treatment settings.

Funding Opportunity Title: National Child Traumatic Stress Initiative

Community Treatment and Services Centers

Funding Opportunity Number: SM-09-017

Due Date for Applications: May 13, 2009

Anticipated Total Available Funding: \$10.4 million

Estimated Number of Awards: 26

Estimated Award Amount: Up to \$400,000 per year

Length of Project Period: Up to 3 years

Eligible Applicants: Domestic public and private non-profit entities [See

Section III-1 of this RFA for complete eligibility

information.1

I. FUNDING OPPORTUNITY DESCRIPTION

1. INTRODUCTION

The Substance Abuse and Mental Health Services Administration, Center for Mental Health Services is accepting applications for fiscal year (FY) 2009 National Child Traumatic Stress Initiative Community Treatment and Services Centers grants. The purpose of this program is to improve treatment and services for children and adolescents in the United States who have experienced traumatic events. The initiative is designed to address child trauma issues by creating a national network of grantees—the National Child Traumatic Stress Network—that work collaboratively to develop and promote effective community practices for children and adolescents exposed to a wide array of traumatic events. SAMHSA/CMHS is especially interested in applications focused on the role of resiliency in recovery from trauma as well as applications from applicants with prior experience in the NCTSI and extensive experience in the field of trauma-related mental disorders in children, youth and families, especially in the areas of child abuse and residential treatment settings.

The purpose of the Community Treatment and Services (CTS) Center grant program is to implement and evaluate effective trauma-focused and trauma-informed treatment and services in community settings and in youth-serving service systems and collaborate with other Network Centers on clinical issues, service approaches, policy, financing, and training issues. Community Treatment and Services Centers are a category (Category III) of cooperative agreements under SAMHSA's larger National Child Traumatic Stress Initiative (NCTSI). The purpose of the NCTSI is to improve treatment and services for all children and adolescents in the United States who have experienced traumatic events.

The NCTSI Network is comprised of three types of Centers:

- 1. The National Center for Child Traumatic Stress (NCCTS) works with SAMHSA to develop and maintain the Network structure, coordinate collaborative Network activities, oversee resource development and dissemination, and coordinate national education and training efforts;
- 2. The Treatment and Service Adaptation (TSA) Centers provide national expertise on specific types of traumatic events, population groups and service systems, and support the specialized adaptation of effective treatment and service interventions for communities across the country; and
- 3. The Community Treatment and Services (CTS) Centers implement and evaluate effective trauma-focused and trauma-informed treatment and services in community settings and in youth-serving service systems and collaborate with other network centers on clinical issues, service approaches, policy, financing, and training issues.

Community Treatment and Services (CTS) Centers are community-focused centers that promote the local use of trauma-informed practices and interventions for children and adolescents.

Trauma-informed interventions include clinical treatments, services, and practices that intervene directly with children and their families or that address trauma by intervening with the

professionals, organizations, and service systems that serve children who witness or experience traumatic events. Grants will be provided to community organizations or programs that primarily provide or support treatment and services in their community, or specialty child service settings, for children, adolescents, and their families who have experienced trauma.

The overall goals of CTS Centers are to identify trauma-informed practices and interventions that address child trauma needs in their communities, to collaborate with TSA Centers that target similar priority areas, and to work with other community agencies to transform service delivery approaches so that trauma-informed practices and interventions "take root" within local community service systems. Grantees are expected to collaborate intensively within the National Child Traumatic Stress Network (NCTSN) for these purposes and for developing child traumatic stress-related products and services for nationwide dissemination.

Community Treatment and Services (CTS) Centers is one of SAMHSA's services grant programs. SAMHSA's services grants are designed to address gaps in mental health treatment and/or to increase the ability of States, units of local government, American Indian/Alaska Native Tribes and tribal organizations, and community- and faith-based organizations to help specific populations or geographic areas with serious, emerging mental health problems. SAMHSA intends that its services grants result in the delivery of services as soon as possible after award. Service delivery should begin by the 4th month of the project <u>at the latest.</u>

National Child Traumatic Stress Initiative Community Treatment and Services grants are authorized under Section 290hh-1 (42 U.S.C. 290hh-1) of the Public Health Service Act, as amended. This announcement addresses Healthy People 2010 focus area 18 (Mental Health and Mental Disorders).

2. EXPECTATIONS

CTS Centers are expected to develop or enhance their expertise in several areas: performing trauma assessment, intervention, and training; conveying public and professional information; providing leadership on child/adolescent trauma issues in their communities; and serve as a resource to help their communities transform treatment and services for child trauma.

2.1 Using Evidence-Based Practices

SAMHSA's services grants are intended to fund services or practices that have a demonstrated evidence base and that are appropriate for the population of focus. An evidence-based practice, also called EBP, refers to approaches to prevention or treatment that are validated by some form of documented research evidence.

Applicants must document in their applications that the practices they have implemented are evidence-based practices. Further guidance on each of these requirements is provided below.

Practices used in the National Child Traumatic Stress Initiative include both clinical treatment approaches and "trauma-informed" service approaches designed to reduce the impact of exposure to potentially traumatic events on children and adolescents. Trauma-informed services include:

- psychoeducational programs on the impact of trauma
- outreach/screening of children/adolescents for trauma exposure
- referral/triaging of identified trauma-exposed children to the appropriate intensity of clinical services
- acute interventions during or in the immediate aftermath of traumatic events
- supportive services in the aftermath of a traumatic event
- training service providers to improve their response to child/adolescent trauma victims
- training service providers to reduce the potential for traumatic stress in their delivery of services
- service systems changes to improve the delivery of trauma treatment and services

In your application, you will need to:

- Identify the evidence-based practice you propose to implement.
- Identify and discuss the evidence that shows that the practice is effective. [See note below.]
- Discuss the population(s) for which this practice has been shown to be effective and show that it is appropriate for your population(s) of focus. [See note below.]

Note: SAMHSA recognizes that EBPs have not been developed for all populations and/or service settings. For example, certain interventions for American Indians/Alaska Natives, rural or isolated communities, or recent immigrant communities may not have been formally evaluated and, therefore, have a limited or nonexistent evidence base. In addition, other interventions that have an established evidence base for certain populations or in certain settings may not have been formally evaluated with other subpopulations or within other settings. Applicants proposing to serve a population with an intervention that has not been formally evaluated with that population are encouraged to provide other forms of evidence that the practice(s) they propose is appropriate for the population of focus. Evidence for these practices may include unpublished studies, preliminary evaluation results, clinical (or other professional association) guidelines, findings from focus groups with community members, etc. You may describe your experience either with the population of focus or in managing similar programs. Information in support of your proposed practice needs to be sufficient to demonstrate the appropriateness of your practice to the people reviewing your application.

- Document the evidence that the practice you have chosen is appropriate for the outcomes you want to achieve.
- Explain how the practice you have chosen meets SAMHSA's goals for this grant program.
- Describe any modifications/adaptations you will need to make to this practice to meet the goals of your project and why you believe the changes will improve the outcomes. Applicants must also provide a preliminary plan for working with National Child Traumatic Stress Network Treatment and Services Adaptation (TSA) Centers to refine and implement proposed service approaches. We expect that you will implement your evidence-based service/practice in a way that is as close as possible to the original service/practice. However, SAMHSA understands that you may need to make minor changes to the service/practice to meet the needs of your population of focus or your program, or to allow you to use resources more efficiently. You must describe any changes to your proposed service/practice that you believe are necessary for these purposes. You may describe your own experience either with the population of focus or in managing similar programs. However, you will need to convince the people reviewing your application that the changes you propose are justified.
- Explain why you chose this evidence-based practice over other evidence-based practices.

Resources for Evidence-Based Practices:

You will find information on evidence-based practices in SAMHSA's *Guide to Evidence-Based Practices on the Web* at www.samhsa.gov/ebpwebguide. SAMHSA has developed this Web site to provide a simple and direct connection to Web sites with information about evidence-based interventions to prevent and/or treat mental and substance use disorders. The *Guide* provides a short description and a link to dozens of Web sites with relevant evidence-based practices information – either specific interventions or comprehensive reviews of research findings.

Please note that SAMHSA's Guide to Evidence-Based Practices also references another SAMHSA Web site, the National Registry of Evidence-Based Programs and Practices (NREPP). NREPP is a searchable database of interventions for the prevention and treatment of mental and substance use disorders. NREPP is intended to serve as a decision support tool, not as an authoritative list of effective interventions. Being included in NREPP, or in any other resource listed in the Guide, does not mean an intervention is "recommended" or that it has been demonstrated to achieve positive results in all circumstances. You must document that the selected practice is appropriate for the specific population of focus and purposes of your project.

In addition to the Web site noted above, you may provide information on research studies to show that the services/practices you plan to implement are evidence-based. This information is usually published in research journals, including those that focus on minority populations. If this type of information is not available, you may provide information from other sources, such as unpublished studies or documents describing formal consensus among recognized experts.

Documenting Use of Additional Evidence-Based Practices

The preferred evidence of effectiveness and acceptability includes findings from clinical trials, documented successful use of interventions at your center, or other efficacy, and/or effectiveness studies published in the peer-reviewed literature. Applicants must also provide a preliminary plan for working with National Child Traumatic Stress Network Treatment and Services Adaptation (TSA) Centers to refine and implement proposed service approaches. In presenting evidence in support of proposed practices, applicants must show that the evidence presented is the best objective information available.

Proposing Adaptations/Modifications of the Proposed Practices

SAMHSA encourages fidelity to the original evidence-based practices to be implemented. However, SAMHSA recognizes that adaptations or modifications to the original models may be necessary for a variety of reasons:

- To allow implementers to use resources efficiently
- To adjust for specific needs of the client population
- To address unique characteristics of the local community where the practice will be implemented
- All applicants must describe and justify any adaptations or modifications that will be made to the proposed best practices.

2.2 Services Delivery

This grant funding announcement allows CTS Centers to provide trauma treatment and services to traumatized children, adolescents, and families. Such services and activities in support of service delivery can include:

- Delivery of structured trauma treatments and services to children, adolescents, and families who have experienced traumatic events with an array of supportive best traumainformed practices
- Support for training of service providers, supervisors and other staff at the grantee site in Network-developed structured trauma interventions. Such training can be by means of on-site training or participation in Network Learning Collaboratives
- Piloting Network developed best practice interventions and intervention products with appropriate service recipients and evaluating the effectiveness of such interventions and products
- Providing training or services to service populations of child-serving service systems, such as child welfare, child protective services, law enforcement and courts, and juvenile justice system on trauma-informed practices using the grantee's own expertise or Network resources
- Collaborating with TSA Centers to develop, improve, or adapt interventions used by the grantees

- Providing trauma screening and assessment to identify children and adolescents in need of trauma treatment and services
- Providing training and resources to other service providers in the community, the region, and the State

SAMHSA funded grantees who provide direct services are expected to promote SAMHSA's efforts to reduce the use of seclusion and restraint practices and ensure that these practices are used only when the safety of the client, other clients or staff is in jeopardy.

As of April 2008, approximately 1.64 million men and women have been deployed to serve in Operation Enduring Freedom (OEF) and Operation Iraqi Freedom (OIF) in support of the Global War on Terror. Individuals returning from Iraq and Afghanistan are at increased risk for suffering post-traumatic stress and other related disorders. Experts estimate that up to one-third of returning veterans will need mental health and/or substance abuse treatment and related services. In addition, the family members of returning veterans have an increased need for related support services. To address these concerns, SAMHSA strongly encourages all applicants to consider the unique needs of returning veterans and their families in developing their proposed project.

2.3 Infrastructure Development (maximum 15% of total grant award)

Although services grant funds must be used primarily for direct services, SAMHSA recognizes that infrastructure changes may be needed to implement the services or improve their effectiveness. You may use up to 15% of the total services grant award for the following types of infrastructure development, if necessary to support the direct service expansion of the grant project, such as:

- Developing partnerships with other service providers for service delivery.
- Enhancing your computer system, management information system (MIS), electronic health records, etc.
- Training/workforce development to help your staff or other providers in the community identify mental health or substance abuse issues or provide effective services consistent with the purpose of the grant program.

2.4 Data Collection and Performance Measurement

All SAMHSA grantees are required to collect and report certain data so that SAMHSA can meet its obligations under the Government Performance and Results Act (GPRA). Grantees will be given initial training and ongoing technical assistance to support compliance with GPRA reporting requirements.

GPRA Reporting

All CTS Centers are expected to assist SAMHSA, the National Center for Child Traumatic Stress (NCCTS), and the Cross-Site Evaluation Contractor in reporting on the performance of the Network in accomplishing the following GPRA goals:

- 1. Increase the number of children and adolescents receiving trauma-informed services
- 2. Improve children's outcomes
- 3. Increase percentage of child-serving professionals who report implementing trauma-informed practices and services after receiving training

Additionally, CTS Centers will be required to report the following data in quarterly reports and a final report (as described in Section VI–3) using NCTSI data collection instruments:

- 4. Number of children and adolescents reached by effective, trauma-informed treatment and services
- 5. Children's outcomes, such as increased number of children/adolescents receiving services that show improved scores in various domains that measure psychosocial well-being and quality of life (e.g., interpersonal relationships, school performance) as assessed by standardized assessment tools
- 6. Systems transformation outcomes, such as implementation and adaptation, and/or increased utilization, of effective trauma-informed treatment and services by local and/or State service system(s) and/or by specific service settings (e.g., school systems, child welfare, juvenile justice).

Transformation Accountability System (TRAC)

The Transformation Accountability System (TRAC) is a web-based data entry and reporting system established by CMHS as data repository for program performance measures. Performance measures are collected as part of CMHS' effort to promote accountability within its programs. This effort is mandated by the Government and Performance Results Act (GPRA) and the Office of Management and Budget's (OMB) Program Analysis Review Tool (PART). SAMHSA has developed a common set of National Outcome Measures (NOMs) to be used by all programs that deliver direct treatment services. Data must be collected and entered into TRAC on a timely basis using tools designated by SAMHSA.

The existing data collection instrument is the Child Consumer Outcome measures for Discretionary Programs instrument

https://www.cmhsgpra.samhsa.gov/TracPRD/view/docs/TRACChildNOMsCaregiver-Eng.pdf.
Initial training and ongoing technical assistance on the use of the TRAC system will be provided.

Consumer Outcomes

The collection of Consumer Outcome data will enable CMHS to report on the National Outcome Measures (NOMs) which have been identified by SAMHSA as key priority areas relating to mental health. Grantees will be required to continue to report performance in the NOMs domains which include: mental illness symptomology, school attendance, criminal justice involvement, stability in housing, social support/social connectedness, and number of children/adolescents receiving trauma-informed services (by age, gender, race and ethnicity). Consumer Outcomes data for each of the NOMs domains is gathered electronically using the Core Data Set (CDS).

The Core Data Set

Grantees providing direct clinical services to children and adolescents are expected to enter their clients into the CDS and conduct required follow-up assessments at three-month intervals or at the conclusion of treatment, should the treatment be less than three months. Grantees are expected to provide the CDS prescribed demographic and basic background information on all children receiving services to the evaluation contractor. Grantees are also expected to develop a plan for educating clinicians on the clinical utility of the CDS in clinical decision making and treatment planning.

2.5 Performance Assessment

Applicants must implement a comprehensive evaluation plan to document their ability to collect and report required data. Each evaluation plan should inform the proposed budget and reflect the resources required to comply with Local Evaluation and Cross-Site Evaluation requirements described below.

Local Evaluation

Grantees are required to evaluate their projects at the local level. Authorizing language for the program, PHS Sec. 582 (d) Evaluation, indicates.—The Secretary, as part of the application process, shall require that each applicant for a grant, contract or cooperative agreement under subsection (a) submit a plan for the rigorous evaluation of the activities funded under the grant, contract or agreement, including both process and outcomes evaluation, and the submission of an evaluation at the end of the project period.

Applicants must describe their local process and outcome evaluation plans in their applications. Evaluation efforts must include a process evaluation related to local consensus building. The evaluation should also be designed to provide regular feedback to the project to improve dissemination, training, implementation, and provision of trauma-informed interventions. Local evaluation efforts should also demonstrate the impact of implementing trauma-informed interventions in the wider community and/or service systems. Local evaluation efforts should not duplicate grant performance monitoring or National Cross-Site Evaluation activities. Grantees are required to produce an annual evaluation report that documents the local program outcomes as well as progress of the Center in meeting proposed goals and objectives.

Cross-Site Evaluation

Grantees are required to participate in the Cross-Site Evaluation (CSE) of the NCTSI. The CSE incorporates both quantitative and qualitative methods, cross-sectional and longitudinal data collection approaches, and utilize a comprehensive set of standardized surveys to collect and analyze descriptive data and intervention outcomes. Grantee program staff are required to participate in interviews, focus groups, and/or surveys; assist the cross-site evaluation contractor with identifying and recruiting respondents/participants for interviews, focus groups, and/or surveys; and participate in the longitudinal data collection.

Up to twenty percent of the total grant award may be used for data collection, performance measurement and evaluation activities.

2.6 Grantee Meetings

Grantees must plan to send a minimum of three people (including the Project Director) to the annual NCTSN "All Network" grantee meeting, and you must include funding for this travel in your budget. At this meeting, grantees may be asked to collaborate on cross-Network working groups, present the results of their projects, and discuss project requirements with Federal staff. The annual All Network meeting is approximately $2\frac{1}{2}$ to 3 days in length. Attendance at this meeting is mandatory.

II. AWARD INFORMATION

Funding Mechanism: Cooperative Agreement

Anticipated Total Available Funding: \$10.4 million

Estimated Number of Awards: 26

Estimated Award Amount: Up to \$400,000 per year

Length of Project Period: Up to 3 years

Proposed budgets cannot exceed \$400,000 in total costs (direct and indirect) in any year of the proposed project. Annual continuation awards will depend on the availability of funds, grantee progress in meeting project goals and objectives, timely submission of required data and reports, and compliance with all terms and conditions of award.

Cooperative Agreement

These awards are being made as cooperative agreements because they require substantial post-award Federal programmatic participation in the conduct of the project. Under this cooperative agreement, the roles and responsibilities of grantees and SAMHSA staff are:

Role of Grantee:

- Comply with the terms of the cooperative agreement award as specified in the requirements section of the Notice of Grant Award (NOGA);
- Support and participate in the collaborative work groups and other collaborative activities with Network centers;
- Participate in grantee meetings;
- Accept guidance and respond to requests for data from CMHS;
- Participate in policy steering groups and other work groups to help accomplish project goals;
- As appropriate, author or co-author publications on project results for use by the field;
- Participate in post-award, cross-site process and outcome evaluation activities; including TRAC.
- Implement specified activities, data collection, and quality control measures, and complete required SAMHSA reports.

Role of SAMHSA Staff:

- Review critical project activities for conformity to the goals of the NCTSI;
- Assume overall responsibility for monitoring the conduct and progress of NCTSI programs;
- Review "Terms and Conditions" section of Notice of Grant Award with the grantee and make recommendations regarding continued funding based upon satisfactory progress in meeting goals and objectives;
- Provide guidance on project design and components;
- Participate in selected policy and steering groups or related work groups;
- Review quarterly reports and conduct site visits, if warranted;
- Provide support services or recommend outside consultants, if needed;
- Author or co-author publications on program findings;
- Provide technical assistance on ways to help disseminate and implement products of collaborative activities;
- Consult with NCCTS staff, TSA project directors, and CTS project directors on all phases of the project to ensure accomplishment of the goals of the initiative;
- Oversee development and implementation of multi-site evaluation in partnership with evaluation contractors, NCCTS staff and other National Child Traumatic Stress Network grantees;
- Approve data collection plans and institute policies regarding data collection; and,
- Submit required clearance packages to the Office of Management and Budget (OMB) using information and materials provided by the grantee and evaluation contractor.

III. ELIGIBILITY INFORMATION

1. ELIGIBLE APPLICANTS

Eligible applicants are domestic public and private nonprofit entities. For example, State and local governments, federally recognized American Indian/Alaska Native Tribes and tribal organizations, urban Indian organizations, public or private universities and colleges; and community- and faith-based organizations may apply. Tribal organization means the recognized body of any AI/AN Tribe; any legally established organization of American Indians/Alaska Natives which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of American Indians/Alaska Natives in all phases of its activities. Consortia of tribal organizations are eligible to apply, but each participating entity must indicate its approval. The statutory authority for this program prohibits grants to for-profit agencies.

2. COST SHARING and MATCH REQUIREMENTS

Cost sharing/match are not required in this program.

3. OTHER

3.1 Additional Eligibility Requirements

You must comply with the following requirements, or your application will be screened out and will not be reviewed: use of the PHS 5161-1 application form; application submission requirements in Section IV-3 of this document; and formatting requirements provided in Appendix A of this document.

3.2 Evidence of Experience and Credentials

SAMHSA believes that only existing, experienced, and appropriately credentialed organizations with demonstrated infrastructure and expertise will be able to provide required services quickly and effectively. You must meet three additional requirements related to the provision of services.

The three requirements are:

- A provider organization for direct client mental health services appropriate to the grant must be involved in the proposed project. The provider may be the applicant or another organization committed to the project. More than one provider organization may be involved;
- Each direct service provider organization must have at least 2 years experience (as of the due date of the application) providing relevant services in the geographic area(s) in which services are to be provided (official documents must establish that the organization has provided relevant services for the last 2 years); and
- Each direct service provider organization must comply with all applicable local (city, county) and State/tribal licensing, accreditation, and certification requirements, as of the due date of the application.

In **Appendix 1** of your application, you must: (1) identify at least one experienced, licensed service provider organization; (2) include a list of all direct service provider organizations that have agreed to participate in the proposed project, including the applicant agency if the applicant is a treatment or prevention service provider organization; and (3) include the Statement of Assurance (provided in Appendix C of this announcement), signed by the authorized representative of the applicant organization identified on the face-page (SF 424 v2) of the application, attesting that all participating service provider organizations:

- meet the 2-year experience requirement;
- meet applicable licensing, accreditation, and certification requirements; and
- if the application is within the funding range for grant award, the applicant will provide the Government Project Officer (GPO) with the required documentation within the time specified.

In addition, if, following application review, your application's score is within the funding range, the GPO will call you and request that the following documentation be sent by overnight mail:

- a letter of commitment that specifies the nature of the participation and what service(s) will be provided from every service provider organization that has agreed to participate in the project;
- official documentation that all participating organizations have been providing relevant services for a minimum of 2 years before the date of the application in the area(s) in which the services are to be provided; and

• official documentation that all participating service provider organizations comply with all applicable local (city, county) and State/tribal requirements for licensing, accreditation, and certification or official documentation from the appropriate agency of the applicable State/tribal, county, or other governmental unit that licensing, accreditation, and certification requirements do not exist.

If the GPO does not receive this documentation within the time specified, your application will not be considered for an award.

IV. APPLICATION AND SUBMISSION INFORMATION

1. ADDRESS TO REQUEST APPLICATION PACKAGE

You may request a complete application kit from the SAMHSA Information Line at 1-877-SAMHSA7 [TDD: 1-800-487-4889].

You also may download the required documents from the SAMHSA Web site at http://www.samhsa.gov/grants/apply.aspx.

Additional materials available on this Web site include:

- a grant writing technical assistance manual for potential applicants;
- standard terms and conditions for SAMHSA grants;
- guidelines and policies that relate to SAMHSA grants (e.g., guidelines on cultural competence, consumer and family participation, and evaluation); and
- a list of certifications and assurances referenced in item 21 of the SF 424 v2.

2. CONTENT AND FORM OF APPLICATION SUBMISSION

2.1 Application Kit

SAMHSA application kits include the following documents:

- PHS 5161-1 (revised July 2000) Includes the face page (SF 424 v2), budget forms, assurances, certification, and checklist. You must use the PHS 5161-1. **Applications** that are not submitted on the required application form will be screened out and will not be reviewed.
- Request for Applications (RFA) Provides a description of the program, specific information about the availability of funds, and instructions for completing the grant application. This document is the RFA. The RFA will be available on the SAMHSA Web site (http://www.samhsa.gov/grants/index.aspx) and a synopsis of the RFA is available on the Federal grants Web site (http://www.Grants.gov).

You must use all of the above documents in completing your application.

2.2 Required Application Components

Applications must include the required ten application components (Face Page, Abstract, Table of Contents, Budget Form, Project Narrative and Supporting Documentation, Appendices, Assurances, Certifications, Disclosure of Lobbying Activities, and Checklist).

- Face Page SF 424 v2 is the face page. This form is part of the PHS 5161-1. [Note: Applicants must provide a Dun and Bradstreet (DUNS) number to apply for a grant or cooperative agreement from the Federal Government. SAMHSA applicants are required to provide their DUNS number on the face page of the application. Obtaining a DUNS number is easy and there is no charge. To obtain a DUNS number, access the Dun and Bradstreet Web site at http://www.dunandbradstreet.com or call 1-866-705-5711. To expedite the process, let Dun and Bradstreet know that you are a public/private nonprofit organization getting ready to submit a Federal grant application.]
- **Abstract** Your total abstract should not be longer than 35 lines. It should include the project name, population to be served (demographics and clinical characteristics), strategies/interventions, project goals and measurable objectives, including the number of people to be served annually and throughout the lifetime of the project, etc. In the first five lines or less of your abstract, write a summary of your project that can be used, if your project is funded, in publications, reporting to Congress, or press releases.
- **Table of Contents** Include page numbers for each of the major sections of your application and for each appendix.
- **Budget Form** Use SF 424A, which is part of the PHS 5161-1. Fill out Sections B, C, and E of the SF 424A. A sample budget and justification is included in Appendix H of this document.
- **Project Narrative and Supporting Documentation** The Project Narrative describes your project. It consists of Sections A through E. Sections A-E together may not be longer than 30 pages. (Remember that if your Project Narrative starts on page 5 and ends on page 35, it is 31 pages long, not 30 pages.) More detailed instructions for completing each section of the Project Narrative are provided in "Section V Application Review Information" of this document.

The Supporting Documentation provides additional information necessary for the review of your application. This supporting documentation should be provided immediately following your Project Narrative in Sections F through I. There are no page limits for these sections, except for Section H, Biographical Sketches/Job Descriptions. Additional instructions for completing these sections are included in Section V under "Supporting Documentation." Supporting documentation should be submitted in black and white (no color).

- Appendices 1 through 4— Use only the appendices listed below. If your application includes any appendices not required in this document, they will be disregarded. Do not use more than a total of 30 pages for Appendices 1, 3 and 4 combined. There are no page limitations for Appendices 2.. Do not use appendices to extend or replace any of the sections of the Project Narrative. Reviewers will not consider them if you do. Please label the appendices as: Appendix 1, Appendix 2, etc.
 - o Appendix 1: (1) Identification of at least one experienced, licensed service provider organization; (2) a list of all direct service provider organizations that have agreed to participate in the proposed project, including the applicant agency, if it is a treatment or prevention service provider organization; (3) the Statement of Assurance (provided in Appendix C of this announcement) signed by the authorized representative of the applicant organization identified on the face page of the application, that assures SAMHSA that all listed providers meet the 2-year experience requirement, are appropriately licensed, accredited, and certified, and that if the application is within the funding range for an award, the applicant will send the GPO the required documentation within the specified time; (4) letters of commitment/support.
 - o Appendix 2: Data Collection Instruments/Interview Protocols
 - o Appendix 3: Sample Consent Forms
 - o Appendix 4: Letter to the SSA (if applicable; see Section IV-4 of this document)
- Assurances Non-Construction Programs. You must read the list of assurances provided on the SAMHSA Web site or in the application kit before signing the face page (SF 424 v2) of the application. You are also required to complete the Assurance of Compliance with SAMHSA Charitable Choice Statutes and Regulations Form SMA 170. This form will be posted on SAMHSA's Web site with the RFA and provided in the application kits.
- **Certifications** You must read the list of certifications provided on the SAMHSA Web site or in the application kit before signing the face page (SF 424 v2) of the application.
- **Disclosure of Lobbying Activities** You must submit Standard Form LLL found in the PHS 5161-1. Federal law prohibits the use of appropriated funds for publicity or propaganda purposes or for the preparation, distribution, or use of the information designed to support or defeat legislation pending before the Congress or State legislatures. This includes "grass roots" lobbying, which consists of appeals to members of the public suggesting that they contact their elected representatives to indicate their support for or opposition to pending legislation or to urge those representatives to vote in a particular way. If no lobbying is to be disclosed, mark N/A on the form.
- Checklist Use the Checklist found in PHS 5161-1. The Checklist ensures that you have obtained the proper signatures, assurances and certifications. If you are submitting a paper application, the Checklist should be the last page.

2.3 Application Formatting Requirements

Please refer to Appendix A, Checklist for Formatting Requirements and Screenout Criteria for SAMHSA Grant Applications, for SAMHSA's basic application formatting requirements. Applications that do not comply with these requirements will be screened out and will not be reviewed.

3. SUBMISSION DATES AND TIMES

Applications are due by close of business on **May 13, 2009**. Hard copy applications are due by 5:00 PM (EST). Electronic applications are due by 11:59 PM (EST). **Hand carried applications will not be accepted. Applications may be shipped using only Federal Express (FedEx), United Parcel Service (UPS), or the United States Postal Service (USPS).** You will be notified by postal mail that your application has been received.

Your application must be received by the application deadline or it will not be considered for review. Please remember that mail sent to Federal facilities undergoes a security screening prior to delivery. You are responsible for ensuring that you submit your application so that it will arrive by the application due date and time.

If an application is mailed to a location or office (including room number) that is not designated for receipt of the application and, as a result, the designated office does not receive your application by the deadline, your application will be considered late and ineligible for review.

SAMHSA will not accept or consider any applications sent by facsimile.

SAMHSA accepts electronic submission of applications through http://www.Grants.gov. Please refer to Appendix B for "Guidance for Electronic Submission of Applications."

4. INTERGOVERNMENTAL REVIEW (E.O. 12372) REQUIREMENTS

This grant program is covered under Executive Order (EO) 12372, as implemented through Department of Health and Human Services (DHHS) regulation at 45 CFR Part 100. Under this Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs. Certain jurisdictions have elected to participate in the EO process and have established State Single Points of Contact (SPOCs). A current listing of SPOCs is included in the application kit and can be downloaded from the Office of Management and Budget (OMB) Web site at http://www.whitehouse.gov/omb/grants/spoc.html.

- Check the list to determine whether your State participates in this program. You **do not** need to do this if you are an American Indian/Alaska Native Tribe or tribal organization.
- If your State participates, contact your SPOC as early as possible to alert him/her to the prospective application(s) and to receive any necessary instructions on the State's review process.

- For proposed projects serving more than one State, you are advised to contact the SPOC of each affiliated State.
- The SPOC should send any State review process recommendations to the following address within 60 days of the application deadline. For United States Postal Service: Crystal Saunders, Director of Grant Review, Office of Program Services, Substance Abuse and Mental Health Services Administration, Room 3-1044, 1 Choke Cherry Road, Rockville, MD 20857. ATTN: SPOC Funding Announcement No.SM-09-017. Change the zip code to 20850 if you are using another delivery service.

In addition, if you are a community-based, non-governmental service provider and you are not transmitting your application through the State, you must submit a Public Health System Impact Statement (PHSIS)¹ to the head(s) of appropriate State and local health agencies in the area(s) to be affected no later than the application deadline. The PHSIS is intended to keep State and local health officials informed of proposed health services grant applications submitted by community-based, non-governmental organizations within their jurisdictions. If you are a <u>State or local government or American Indian/Alaska Native Tribe or tribal organization, you are not subject to these requirements.</u>

The PHSIS consists of the following information:

- a copy of the face page of the application (SF 424 v2); and
- a summary of the project, no longer than one page in length, that provides: 1) a description of the population to be served; 2) a summary of the services to be provided; and 3) a description of the coordination planned with appropriate State or local health agencies.

For SAMHSA grants, the appropriate State agencies are the Single State Agencies (SSAs) for substance abuse and mental health. A listing of the SSAs can be found on SAMHSA's Web site at http://www.samhsa.gov/grants/ssadirectory.pdf. If the proposed project falls within the jurisdiction of more than one State, you should notify all representative SSAs.

Officer, 1600 Clifton Road, MS D-24, Atlanta, GA 30333, ATTN: PRA (0920-0428).

Approved by OMB under control no. 0920-0428; Public reporting burden for the Public Health System Reporting Requirement is estimated to average 10 minutes per response, including the time for copying the face page of SF 424 v2 and the abstract and preparing the letter for mailing. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0920-0428. Send comments regarding this burden to CDC Clearance

If applicable, you <u>must</u> include a copy of a letter transmitting the PHSIS to the SSA in **Appendix 4, "Letter to the SSA."** The letter must notify the State that, if it wishes to comment on the proposal, its comments should be sent no later than 60 days after the application deadline to the following address. **For United States Postal Service:** Crystal Saunders, Director of Grant Review, Office of Program Services, Substance Abuse and Mental Health Services Administration, Room 3-1044, 1 Choke Cherry Road, Rockville, MD **20857**. ATTN: SSA – Funding Announcement No. **SM-09-017**. Change the zip code to **20850** if you are using another delivery service.

In addition:

- Applicants may request that the SSA send them a copy of any State comments.
- The applicant must notify the SSA within 30 days of receipt of an award.

5. FUNDING LIMITATIONS/RESTRICTIONS

Cost principles describing allowable and unallowable expenditures for Federal grantees, including SAMHSA grantees, are provided in the following documents, which are available at http://www.samhsa.gov/grants/management.aspx:

- Institutions of Higher Education: OMB Circular A-21
- State and Local Governments and federally Recognized Indian Tribal Governments: OMB Circular A-87
- Nonprofit Organizations: OMB Circular A-122
- Hospitals: 45 CFR Part 74, Appendix E

In addition, SAMHSA's **Community Treatment and Services Centers** grant recipients must comply with the following funding restrictions:

- No more than 15% of the total grant award may be used for developing the infrastructure necessary for expansion of services.
- No more than 20% of the total grant award may be used for data collection and performance assessment, including incentives for participating in the required data collection follow-up.

SAMHSA grantees must also comply with SAMHSA's standard funding restrictions, which are included in Appendix G.

6. OTHER SUBMISSION REQUIREMENTS

You may submit your application in either electronic or paper format:

Submission of Electronic Applications

SAMHSA accepts electronic submission of applications through http://www.Grants.gov. Electronic submission is voluntary. No review points will be added or deducted, regardless of whether you use the electronic or paper format.

To submit an application electronically, you must use the http://www.Grants.gov apply site. You will be able to download a copy of the application package from http://www.Grants.gov, complete it off-line, and then upload and submit the application via the Grants.gov site. E-mail submissions will not be accepted.

Please refer to Appendix B for detailed instructions on submitting your application electronically.

Submission of Paper Applications

You must submit an original application and 2 copies (including appendices). The original and copies must not be bound. Do not use staples, paper clips, or fasteners. Nothing should be attached, stapled, folded, or pasted.

Send applications to the address below:

For United States Postal Service:

Crystal Saunders, Director of Grant Review
Office of Program Services
Substance Abuse and Mental Health Services Administration
Room 3-1044
1 Choke Cherry Road
Rockville, MD 20857

Change the zip code to **20850** if you are using another delivery service.

Do not send applications to other agency contacts, as this could delay receipt. Be sure to include "Community Treatment and Services Centers – SM-09-017" in item number 12 on the face page (SF 424 v2) of any paper applications. If you require a phone number for delivery, you may use (240) 276-1199.

Hand carried applications will not be accepted. Applications may be shipped using only Federal Express (FedEx), United Parcel Service (UPS), or the United States Postal Service (USPS).

SAMHSA will not accept or consider any applications sent by facsimile.

V. APPLICATION REVIEW INFORMATION

1. EVALUATION CRITERIA

The Project Narrative describes what you intend to do with your project and includes the Evaluation Criteria in Sections A-E below. Your application will be reviewed and scored according to the <u>quality</u> of your response to the requirements in Sections A-E.

- In developing the Project Narrative section of your application, use these instructions, which have been tailored to this program. These are to be used instead of the "Program Narrative" instructions found in the PHS 5161-1.
- The Project Narrative (Sections A-E) together may be no longer than 30 pages.
- You must use the sections/headings listed below in developing your Project Narrative.
 Be sure to place the required information in the correct section, or it will not be considered. Your application will be scored according to how well you address the requirements for each section of the Project Narrative.
- Reviewers will be looking for evidence of cultural competence in each section of the
 Project Narrative, and will consider how well you address the cultural competence
 aspects of the evaluation criteria when scoring your application. SAMHSA's guidelines
 for cultural competence can be found on the SAMHSA Web site at
 http://www.samhsa.gov. Click on "Grants/Applying for a New SAMHSA
 Grant/Guidelines for Assessing Cultural Competence."
- The Supporting Documentation you provide in Sections F-I and Appendices 1-4 will be considered by reviewers in assessing your response, along with the material in the Project Narrative.
- The number of points after each heading is the maximum number of points a review committee may assign to that section of your Project Narrative. Although scoring weights are not assigned to individual bullets, each bullet is assessed in deriving the overall Section score.
- Applicants must be familiar with, or familiarize themselves with, the current structure
 and operation of the Network and commit to working within this collaborative
 framework. To adequately address some of the requirements in this section, it would be
 helpful to be familiar with current Network Centers and collaborative activities. This
 information is available in the application kit and can be accessed electronically at the
 National Child Traumatic Stress Initiative website at http://www.nctsnet.org.

Section A: Statement of Need and Readiness (15 points)

- Describe the community (e.g. organization, community, city, metropolitan area, State, or tribal government area) where the project will be implemented.
- Describe the target population (see Glossary) as well as the geographic area to be served, and justify the selection of both. Include numbers to be served and demographic information.
- Describe the major needs in the community for trauma-informed treatment and services, as well as opportunities that exist in the community to promote and implement trauma-informed interventions in community programs and in youth service systems.
 Documentation of needs may come from local data or trend analyses, State data (e.g., from State Needs Assessments), and/or national data studies that include information on the target population. For data sources that are not well known, provide sufficient information on how the data were collected so reviewers can assess the reliability and validity of the data.
- Describe the current availability and status of trauma-informed treatment and services in the applicant's program(s) and in other youth-serving service programs/systems in the community. Indicate the types of clinical treatments and/or trauma-informed services that are available for children who experience trauma in the target population and how such treatments can be improved.
- Describe the existing collaborations with local and State service system(s) that provide(s) services to children and adolescents who have experienced trauma, or describe a plan to establish such collaborations and support activities to develop knowledge regarding the availability of, and access to, effective child trauma services in the community and in child and adolescent specialty service settings.

Section B: Proposed Trauma-Informed Practices or Interventions (25 points)

- Clearly state the purpose, goals and objectives of your proposed project. Describe how achievement of the goals will produce meaningful and relevant results (e.g., increase access, availability, prevention, outreach, pre-services, treatment, and/or intervention) and support SAMHSA's goals for the program.
- Identify the evidence-based service/practice that you propose to implement and the source of your information. (See Section I-2.1, Using Evidence-Based Practices.) Discuss the evidence that shows that this practice is effective with your population of focus. If the evidence is limited or non-existent for your population of focus, provide other information to support your selection of the intervention for your population of focus.

- Document the evidence that the practice you have chosen is appropriate for the outcomes you want to achieve.
- Identify and justify any modifications or adaptations you will need to make to the proposed practice to meet the goals of your project and why you believe the changes will improve the outcomes.
- Explain why you chose this evidence-based practice over other evidence-based practices.
 If this is not an evidence-based practice, explain why you chose this intervention over other interventions.
- Describe how the proposed project will address issues of age, race, ethnicity, culture, language, sexual orientation, disability, literacy, and gender in the population of focus, while retaining fidelity to the chosen practice.
- Demonstrate how the proposed service/practice will meet your goals and objectives. Provide a logic model that links need, the services or practice to be implemented, and outcomes. (See Appendix D for a sample logic model.)

Section C: Proposed Implementation Approach (30 points)

- Describe how the proposed grant project will be implemented. Provide a realistic time line for the project (chart or graph) showing key activities, milestones, and responsible staff. [Note: The timeline should be part of the Project Narrative. It should not be placed in an appendix.]
- Discuss the characteristics of the target population that must be considered when
 determining how the grant project will be implemented and how the chosen practice or
 intervention will be delivered. Discuss the target population's language, beliefs, norms
 and values, as well as socioeconomic factors that must be considered in delivering
 programs to this population. Explain how your proposed implementation approach
 addresses these issues.
- Clearly state the unduplicated number of individuals you propose to serve (annually and over the entire project period) with grant funds, including the types and numbers of services to be provided and anticipated outcomes. Describe how the population of focus will be identified, recruited, and retained.
- Describe how the project will incorporate input from consumer constituency groupsespecially children/adolescents/families and community service providers-in the project and how additional consumer input will be obtained and utilized in proposed activities of the project.

- Describe the involvement of key stakeholders in the proposed project, including the roles and responsibilities of each stakeholder. Describe how they will be recruited and selected for participation, and how they represent the community and target population. If partnering with other service organizations that provide treatment and/or services, provide documentation of their willingness to implement trauma-informed practices or interventions to improve treatment and services for traumatized children/adolescents and their families. Clearly demonstrate each stakeholder's commitment to the consensus building and strategic planning processes. Attach letters of support and other documents showing stakeholder commitment in Appendix 1 of your application.
- Describe the strategies or models that will be used to build consensus on the selected trauma-informed practice or intervention, including a description of how key stakeholders will be educated about the intervention. Describe potential barriers to achieving consensus among stakeholders and the resources and plans you will use to overcome these barriers.
- Describe how the project will invite and utilize input from consumer constituency groups—especially children/adolescents/families and community service providers—in all aspects of the project, including but not limited to strategic planning and a consumer advisory process.
- Describe how the project components will be embedded within the existing service delivery system, including other SAMHSA-funded projects if applicable.
- Describe how the project will mobilize or develop existing expertise and resources to allow the proposed Center to serve as an expert on child/adolescent trauma for the community.
- Describe how you will use National Child Traumatic Stress Network resources and collaborate with other Network Centers to increase the trauma expertise of your Center during the course of the project.
- Describe the potential barriers to successful conduct of the proposed project and strategies to overcome those barriers.
- Describe your plan to continue the project after the funding period ends. Also describe how program continuity will be maintained when there is a change in the operational environment (e.g., staff turnover, change in project leadership) to ensure stability over time.
- SAMHSA discourages the use of seclusion and restraint and expects grantees to reduce and work towards eliminating seclusion and restraint practices. Describe your policies on reducing and eliminating seclusion and restraint, any conditions under which seclusion

and restraint would be used, and the alternatives to seclusion and restraint you will be employing.

Section D: Staff and Organizational Experience (10 points)

- Discuss the capability and experience of the applicant organization and other participating organizations with similar projects and populations, including experience in providing culturally appropriate/competent services.
- Provide a list of staff members who will participate in the project, showing the role of each and their level of effort and qualifications. Include the Project Director, who must serve at least 50% time on the grant, and other key personnel, including evaluators and database management personnel.
- Describe the prior experience of your proposed project's key staff, partners, or
 consultants, in providing trauma-focused clinical treatment and services and/or mental
 health or other therapeutic or supportive services to children/adolescents who have
 experienced trauma or to other populations that have experienced trauma in the targeted
 population or service systems.
- Discuss how key staff have demonstrated experience in serving the target population and are familiar with the culture of the target population. If the target population is multilinguistic, indicate if the staffing pattern includes bilingual or bicultural individuals.
- Describe the experience of the applicant organization and staff in community education, service provider training and consultation.
- If you plan to have an advisory body, describe its composition, roles, and frequency of meetings.
- Describe in your budget the resources available for the proposed project (e.g., facilities, equipment), and provide evidence that services will be provided in a location that is adequate, accessible, compliant with the Americans with Disabilities Act (ADA), and amenable to the target population. If the ADA does not apply to your organization, please explain why.
- Describe in your budget the resources (such as staff time and other budgetary resources)
 that will be devoted to participating in collaborative activities of the National Child
 Traumatic Stress Network, including participation in Network committees, collaboration
 with other Centers in development of trauma resources, and participation in the cross-site
 evaluation.

Section E: Performance Assessment and Data (20 points)

- Describe your comprehensive evaluation plan. Describe your plans to devote the staff and resources necessary to: 1) conduct local process and outcome evaluations; 2) submit client level data to the Core Data Set (CDS); 3) fully participate in the NCTSI Cross-site Evaluation (CSE); and 4) comply with GPRA reporting requirements, including TRAC.
- Describe the resources that will be used to obtain required IRB clearances for ongoing contribution to the CDS and full participation in the CSE. Name the IRB entity that will be utilized. Additional information on IRB approval for CDS and CSE activities can be found in the Resource Guide for Applicants and the NCTSN website at www.NCTSNet.org (see "Resource Materials for 2007 Grant Applicants" under New Resources).
- Describe how data collection and evaluation results will be utilized to inform project improvements and clinical decision-making. Be sure to link local evaluation efforts to data collection and reporting requirements (the Core Data Set, the National Cross-site Evaluation, GPRA data, and Quarterly and Annual Reports).
- Provide a logic model (see Appendices D and E) for the evaluation of the implementation and/or dissemination of the trauma-informed practices and intervention as well as other implementation activities (e.g., training, stakeholder involvement).

NOTE: Although the budget for the proposed project is not a review criterion, the Review Group will be asked to comment on the appropriateness of the budget after the merits of the application have been considered.

SUPPORTING DOCUMENTATION

Section F: Literature Citations. This section must contain complete citations, including titles and all authors, for any literature you cite in your application.

Section G: Budget Justification, Existing Resources, Other Support. You must provide a narrative justification of the items included in your proposed budget, as well as a description of existing resources and other support you expect to receive for the proposed project. Be sure to show that no more than 15% of the total grant award will be used for infrastructure development, if necessary, and that no more than 20% of the total grant award will be used for data collection and performance assessment. An illustration of a budget and narrative justification is included in Appendix H of this document.

Section H: Biographical Sketches and Job Descriptions.

- Include a biographical sketch for the Project Director and other key positions. Each sketch should be 2 pages or less. If the person has not been hired, include a position description and/or a letter of commitment with a current biographical sketch from the individual.
- Include job descriptions for key personnel. Job descriptions should be no longer than 1 page each.
- Information on what should be included in biographical sketches and job descriptions can be found on page 22, Item 6, in the Program Narrative section of the PHS 5161-1 instruction page, available on the SAMHSA Web site.

Section I: Confidentiality and SAMHSA Participant Protection/Human Subjects: You must describe procedures relating to Confidentiality, Participant Protection and the Protection of Human Subjects Regulations in Section I of your application, using the guidelines provided below.

Confidentiality and Participant Protection:

Because of the confidential nature of the work in which many SAMHSA grantees are involved, it is important to have safeguards protecting individuals from risks associated with their participation in SAMHSA projects. All applicants must address the seven bullets below. Appendix F of this RFA provides a more detailed discussion of issues applicants should consider in addressing these seven bullets. If some are not applicable or relevant to the proposed project, simply state that they are not applicable and indicate why. In addition to addressing these seven bullets, read the section that follows entitled Protection of Human Subjects Regulations to determine if the regulations may apply to your project. If so, you are required to describe the process you will follow for obtaining Institutional Review Board (IRB) approval. While we encourage you to keep your responses brief, there are no page limits for this section and no points will be assigned by the Review Committee. Problems with confidentiality, participant protection, and the protection of human subjects identified during peer review of the application must be resolved prior to funding.

- Identify foreseeable risks or adverse effects due to participation in the project and/or in the data collection (performance assessment) activities (including physical, medical, psychological, social, legal, and confidentiality) and provide your procedures for minimizing or protecting participants from these risks. Identify plans to provide guidance and assistance in the event there are adverse effects to participants.
- Describe the population of focus and explain why you are including or excluding certain subgroups. Explain how and who will recruit and select participants.

- State whether participation in the project is voluntary or required. If you plan to provide incentives/compensate participants, specify the type (e.g., money, gifts, coupons), and the value of any such incentives. Provide justification that the use of incentives is appropriate, judicious, and conservative and that incentives do not provide an "undue inducement" which removes the voluntary nature of participation. Incentives should be the minimum amount necessary to meet the programmatic and performance assessment goals of the grant. Applicants should determine the minimum amount that is proven to be effective by consulting with existing local programs and reviewing the relevant literature. In no case may the value of an incentive paid for with SAMHSA discretionary grant funds exceed \$20. (See Appendix F: Confidentiality and Participant Protection.)
- Describe data collection procedures, including sources (e.g., participants, school records) and the data collecting setting (e.g., clinic, school). Provide copies of proposed data collection instruments and interview protocols in **Appendix 2** of your application, "Data Collection Instruments/Interview Protocols." State whether specimens such as urine and/or blood will be obtained and the purpose for collecting the specimens. If applicable, describe how the specimens and process will be monitored to ensure both the safety of participants and the integrity of the specimens.
- Explain how you will ensure privacy and confidentiality of participants' records, data collected, interviews, and group discussions. Describe where the data will be stored, safeguards (e.g., locked, coding systems, storing identifiers separate from data), and who will have access to the information.
- Describe the process for obtaining and documenting consent from adult participants and assent from minors along with consent from their parents or legal guardians. Provide copies of all consent forms in **Appendix 3** of your application, "Sample Consent Forms." If needed, give English translations.
- Discuss why the risks are reasonable compared to expected benefits from the project.

Protection of Human Subjects Regulations

SAMHSA expects that most grantees funded under this announcement will not have to comply with the Protection of Human Subjects Regulations (45 CFR 46), which requires Institutional Review Board (IRB) approval. However, in some instances, the applicant's proposed performance assessment design may meet the regulation's criteria of research involving human subjects. For assistance in determining if your proposed performance assessment meets the criteria in 45 CFR 46, Protection of Human Subjects Regulations, refer to the SAMHSA decision tree on the SAMHSA Web site, under "Applying for a New SAMHSA Grant," http://www.samhsa.gov/grants/apply.aspx.

Applicants whose projects must comply with the Human Subjects Regulations must, in addition to the bullets above, fully describe the process for obtaining IRB approval. While IRB approval is not required at the time of grant award, these grantees will be required, as a condition of award, to provide documentation that an Assurance of Compliance is on file with the Office for

Human Research Protections (OHRP). IRB approval must be received in these cases prior to enrolling clients in the project. General information about Human Subjects Regulations can be obtained through OHRP at http://www.hhs.gov/ohrp, or ohrp@osophs.dhhs.gov, or (240) 453-6900. SAMHSA—specific questions should be directed to the program contact listed in Section VII of this announcement.

2. REVIEW AND SELECTION PROCESS

SAMHSA applications are peer-reviewed according to the evaluation criteria listed above. For those programs where the individual award is over \$100,000, applications also must be reviewed by the appropriate National Advisory Council.

Decisions to fund a grant are based on:

- the strengths and weaknesses of the application as identified by peer reviewers and, when applicable, approved by the Center for Mental Health Services' National Advisory Council:
- availability of funds; and
- equitable distribution of awards in terms of geography (including urban, rural and remote settings) and balance among populations of focus and program size.

In addition, preference will be given to applications focused on the role of resiliency in recovery from trauma as well as applications from applicants with prior experience in the NCTSI and extensive experience in the field of trauma-related mental disorders in children, youth and families, especially in the areas of child abuse and residential treatment settings.

VI. ADMINISTRATION INFORMATION

1. AWARD NOTICES

After your application has been reviewed, you will receive a letter from SAMHSA through postal mail that describes the general results of the review, including the score that your application received.

If you are approved for funding, you will receive an **additional** notice through postal mail, the Notice of Award (NoA), signed by SAMHSA's Grants Management Officer. The Notice of Award is the sole obligating document that allows you to receive Federal funding for work on the grant project.

If you are not funded, you may re-apply if there is another receipt date for the program.

2. ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

- If your application is funded, you must comply with all terms and conditions of the grant award. SAMHSA's standard terms and conditions are available on the SAMHSA Web site at http://www.samhsa.gov/grants/management.aspx.
- If your application is funded, you must also comply with the administrative requirements outlined in 45 CFR Part 74 or 45 CFR Part 92, as appropriate. For more information see the SAMHSA Web site (http://www.samhsa.gov/grants/management.aspx).
- Depending on the nature of the specific funding opportunity and/or your proposed project as identified during review, SAMHSA may negotiate additional terms and conditions with you prior to grant award. These may include, for example:
 - actions required to be in compliance with confidentiality and participant protection/human subjects requirements;
 - o requirements relating to additional data collection and reporting;
 - o requirements relating to participation in a cross-site evaluation; or
 - o requirements to address problems identified in review of the application.
- If your application is funded, you will be held accountable for the information provided in the application relating to performance targets. SAMHSA program officials will consider your progress in meeting goals and objectives, as well as your failures and strategies for overcoming them, when making an annual recommendation to continue the grant and the amount of any continuation award. Failure to meet stated goals and objectives may result in suspension or termination of the grant award, or in reduction or withholding of continuation awards.
- Grant funds cannot be used to supplant current funding of existing activities. "Supplant" is defined as replacing funding of a recipient's existing program with funds from a Federal grant.
- In an effort to improve access to funding opportunities for applicants, SAMHSA is participating in the U.S. Department of Health and Human Services "Survey on Ensuring Equal Opportunity for Applicants." This survey is included in the application kit for SAMHSA grants and is posted on the SAMHSA Web site. You are encouraged to complete the survey and return it, using the instructions provided on the survey form.

3. REPORTING REQUIREMENTS

In addition to the data reporting requirements listed in Section I-2.4, you must comply with the following reporting requirements:

3.1 Progress and Financial Reports

- Grantees must provide quarterly process reports to SAMHSA and an annual evaluation report.
- Grantees must provide annual and final financial status reports. These reports may be included as separate sections of annual and final progress reports or can be separate documents. Because SAMHSA is extremely interested in ensuring that its best practices efforts can be sustained, your financial reports must explain plans to ensure the sustainability (see Glossary) of efforts initiated under this grant. Initial plans for sustainability should be described in year 1 of the grant. In each subsequent year, you should describe the status of the project, successes achieved and obstacles encountered in that year.
- SAMHSA will provide guidelines and requirements for these reports to grantees at the time of award and at the initial grantee orientation meeting after award. SAMHSA staff will use the information contained in the reports to determine the grantee's progress toward meeting its goals.
- Because SAMHSA is extremely interested in ensuring that treatment and prevention services can be sustained, your progress reports should explain plans to ensure the sustainability of efforts initiated under this grant.

3.2 Government Performance and Results Act (GPRA)

The Government Performance and Results Act (GPRA) mandates accountability and performance-based management by Federal agencies. To meet the GPRA requirements, SAMHSA must collect performance data (i.e., "GPRA data") from grantees. The performance requirements for SAMHSA's **Community Treatment and Services Centers** grant program are described in Section I-2.4 of this document under "Data Collection and Performance Measurement."

3.3 Publications

If you are funded under this grant program, you are required to notify the Government Project Officer (GPO) and SAMHSA's Publications Clearance Officer (240-276-2130) of any materials based on the SAMHSA-funded grant project that are accepted for publication.

In addition, SAMHSA requests that grantees:

- Provide the GPO and SAMHSA Publications Clearance Officer with advance copies of publications.
- Include acknowledgment of the SAMHSA grant program as the source of funding for the project.

• Include a disclaimer stating that the views and opinions contained in the publication do not necessarily reflect those of SAMHSA or the U.S. Department of Health and Human Services, and should not be construed as such.

SAMHSA reserves the right to issue a press release about any publication deemed by SAMHSA to contain information of program or policy significance to the substance abuse treatment/substance abuse prevention/mental health services community.

VII. AGENCY CONTACTS

For questions about program issues contact:

Jean Plaschke, M.S.W.
Division of Prevention, Traumatic Stress, and Special Programs SAMHSA/Center for Mental Health Services
1 Choke Cherry Road
Rockville, Maryland 20857
(240) 276-0570
jean.plaschke@samhsa.hhs.gov

For questions on grants management issues contact:

Gwendolyn Simpson
Office of Program Services, Division of Grants Management
Substance Abuse and Mental Health Services Administration
1 Choke Cherry Road
Room 7-1085
Rockville, Maryland 20857
(240) 276-1408
gwendolyn.simpson@samhsa.hhs.gov

Appendix A – Checklist for Formatting Requirements and Screenout Criteria for SAMHSA Grant Applications

SAMHSA's goal is to review all applications submitted for grant funding. However, this goal must be balanced against SAMHSA's obligation to ensure equitable treatment of applications. For this reason, SAMHSA has established certain formatting requirements for its applications. If you do not adhere to these requirements, your application will be screened out and returned to you without review.

- Use the PHS 5161-1 application form.
- Applications must be received by the application due date and time, as detailed in Section IV-3 of this grant announcement.
- Information provided must be sufficient for review.
- Text must be legible. Pages must be typed in black ink, single-spaced, using a font of Times New Roman 12, with all margins (left, right, top, bottom) at least one inch each. (For Project Narratives submitted electronically, see separate requirements in Section IV-6 of this announcement under "Submission of Electronic Applications.")
- To ensure equity among applications, page limits for the Project Narrative cannot be exceeded.
- Paper must be white paper and 8.5 inches by 11.0 inches in size.

To facilitate review of your application, follow these additional guidelines. Failure to adhere to the following guidelines will not, in itself, result in your application being screened out and returned without review. However, the information provided in your application must be sufficient for review. Following these guidelines will help ensure your application is complete, and will help reviewers to consider your application.

- The 10 application components required for SAMHSA applications should be included and submitted in the following order:
 - o Face Page (Standard Form 424 v2, which is in PHS 5161-1)
 - Abstract
 - o Table of Contents
 - o Budget Form (Standard Form 424A, which is in PHS 5161-1)
 - o Project Narrative and Supporting Documentation
 - Appendices
 - o Assurances (Standard Form 424B, which is in PHS 5161-1)
 - Certifications
 - o Disclosure of Lobbying Activities (Standard Form LLL, which is in PHS 5161-1)
 - o Checklist (a form in PHS 5161-1)

- Applications should comply with the following requirements:
 - o Provisions relating to confidentiality and participant protection specified in Section V-1 of this announcement.
 - o Budgetary limitations as specified in Sections I, II, and IV-5 of this announcement.
 - o Documentation of nonprofit status as required in the PHS 5161-1.
- Pages should be typed single-spaced in black ink with one column per page. Pages should not have printing on both sides.
- Pages should be numbered consecutively from beginning to end so that information can
 be located easily during review of the application. The abstract page should be page 1,
 the table of contents should be page 2, etc. The four pages of Standard form 424 v2 are
 not to be numbered. Appendices should be labeled and separated from the Project
 Narrative and budget section, and the pages should be numbered to continue the
 sequence.
- The page limits for Appendices stated in Section IV-2.2 of this announcement should not be exceeded.
- Send the original application and two copies to the mailing address in Section IV-6 of this document. Please do not use staples, paper clips, and fasteners. Nothing should be attached, stapled, folded, or pasted. Do not use heavy or lightweight paper or any material that cannot be copied using automatic copying machines. Odd-sized and oversized attachments such as posters will not be copied or sent to reviewers. Do not include videotapes, audiotapes, or CD-ROMs.

Appendix B – Guidance for Electronic Submission of Applications

If you would like to submit your application electronically, you may search http://www.Grants.gov for the downloadable application package by the funding announcement number (called the opportunity number) or by the Catalogue of Federal Domestic Assistance (CFDA) number. You can find the CFDA number on the first page of the funding announcement.

You must follow the instructions in the User Guide available at the http://www.Grants.gov apply site, on the Help page. In addition to the User Guide, you may wish to use the following sources for help:

- By e-mail: support@Grants.gov
- By phone: 1-800-518-4726 (1-800-518-GRANTS). The Customer Support Center is open from 7:00 a.m. to 9:00 p.m. Eastern Time, Monday through Friday, excluding Federal holidays.

If this is the first time you have submitted an application through Grants.gov, you must complete four separate registration processes before you can submit your application. Allow at least two weeks (10 business days) for these registration processes, prior to submitting your application. The processes are: 1) DUNS Number registration; 2) Central Contractor Registry (CCR) registration; 3) Credential Provider registration; and 4) Grants.gov registration. REMINDER: CCR registration expires each year and must be updated annually.

It is strongly recommended that you submit your grant application using Microsoft Office 2003 products (e.g., Microsoft Word 2003, Microsoft Excel, etc.). The new Microsoft Vista operating system and Microsoft Word 2007 products are not currently accepted by Grants.gov. If you do not have access to Microsoft Office 2003 products, you may submit PDF files. Directions for creating PDF files can be found on the Grants.gov Web site. Use of file formats other than Microsoft Office or PDF may result in your file being unreadable by our staff.

The Project Narrative must be a separate document in the electronic submission. Formatting requirements for SAMHSA grant applications are described in Appendix A of this announcement. These requirements also apply to applications submitted electronically, with the following exceptions only for Project Narratives submitted electronically in Microsoft Word. These requirements help ensure the accurate transmission and equitable treatment of applications.

- *Text legibility*: Use a font of Times New Roman 12, line spacing of single space, and all margins (left, right, top, bottom) of at least one inch each. Adhering to these standards will help to ensure the accurate transmission of your document.
- Amount of space allowed for Project Narrative: The Project Narrative for an electronic submission may not exceed 15,450 words. If the Project Narrative for an electronic

submission exceeds the word limit, the application will be screened out and will not be reviewed. To determine the number of words in your Project Narrative document in Microsoft Word, select file/properties/statistics.

Keep the Project Narrative as a separate document. Please consolidate all other materials in your application to ensure the fewest possible number of attachments. Be sure to label each file according to its contents, e.g., "Appendices."

Ensure all pages in your application are numbered consecutively, with the exception of the standard forms in the PHS-5161 application package. **Documents containing scanned images must also contain page numbers to continue the sequence.** Failure to comply with these requirements may affect the successful transmission and consideration of your application.

Applicants are strongly encouraged to submit their applications to Grants.gov early enough to resolve any unanticipated difficulties prior to the deadline. After you electronically submit your application, you will receive an automatic acknowledgement from Grants.gov that contains a Grants.gov tracking number. It is important that you retain this number. Receipt of the tracking number is the only indication that Grants.gov has successfully received and validated your application. If you do not receive a Grants.gov tracking number, you may want to contact the Grants.gov help desk for assistance.

The Grants.gov Web site does not accept electronic signatures at this time. Therefore, you must submit a signed paper original of the face page (SF 424 v2), the assurances (SF 424B), and hard copy of any other required documentation that cannot be submitted electronically. You must include the Grants.gov tracking number for your application on these documents with original signatures, on the top right corner of the face page, and send the documents to the following address. The documents must be received at the following address within 5 business days after your electronic submission. Delays in receipt of these documents may impact the score your application receives or the ability of your application to be funded.

For United States Postal Service:

Crystal Saunders, Director of Grant Review
Office of Program Services
Substance Abuse and Mental Health Services Administration
Room 3-1044
1 Choke Cherry Road
Rockville, MD 20857
ATTN: Electronic Applications

For other delivery services, change the zip code to 20850.

If you require a phone number for delivery, you may use (240) 276-1199.

Appendix C – Statement of Assurance

As the authorized representative of [insert name of applicant organization], I assure SAMHSA that all
participating service provider organizations listed in this application meet the two-year experience requirement and applicable licensing, accreditation, and certification requirements. I this application is within the funding range for a grant award, we will provide the SAMHSA Government Project Officer (GPO) with the following documents. I understand that if this documentation is not received by the GPO within the specified timeframe, the application will be removed from consideration for an award and the funds will be provided to another applicant meeting these requirements.
• a letter of commitment that specifies the nature of the participation and what service(s) will be provided from every service provider organization listed in Appendix 1 of the application, that has agreed to participate in the project;
• official documentation that all service provider organizations participating in the project have been providing relevant services for a minimum of 2 years prior to the date of the application in the area(s) in which services are to be provided. Official documents must definitively establish that the organization has provided relevant services for the last 2 years; and
 official documentation that all participating service provider organizations are in compliance with all local (city, county) and State/tribal requirements for licensing, accreditation, and certification or official documentation from the appropriate agency of the applicable State/tribal, county, or other governmental unit that licensing, accreditation, and certification requirements do not exist. (Official documentation is a copy of each service provider organization's license, accreditation, and certification. Documentation of accreditation will not be accepted in lieu of an organization's license. A statement by, or letter from, the applicant organization or from a provider organization attesting to compliance with licensing, accreditation and certification or that no licensing accreditation, certification requirements exist does not constitute adequate documentation.)
Signature of Authorized Representative Date

Appendix D – Sample Logic Model

A Logic Model is a tool to show how your proposed project links the purpose, goals, objectives, and tasks stated with the activities and expected outcomes or "change" and can help to plan, implement, and assess your project. The model also links the purpose, goals, objectives, and activities back into planning and evaluation. A Logic Model is a picture of your project. It graphically shows the activities and progression of the project. It should also describe the relationships among what resources you put in (inputs), what you do (outputs), and what happens or results (outcomes). Based on both your planning and evaluating activities, you can then make a "logical" chain of "if-then" relationships.

Look at the graphic on the following page to see the chain of events that links the inputs to program components, the program components to outputs, and the outputs to outcomes (goals).

The framework you set up to build your model is based on a review of your Statement of Need, in which you state the conditions that gave rise to the project with your target group. Then you look at the Inputs, which are the resources, contributions, time, staff, materials, and equipment you will invest to change these conditions. These inputs then are organized into the Program Components, which are the activities, services, interventions and tasks that will reach the target population. These outputs then are intended to create Outputs such as changes or benefits for the consumer, families, groups, communities, organizations and SAMHSA. The understanding and further evidence of what works and what does not work will be shown in the Outcomes, which include achievements that occur along the path of project operation.

Note: The logic model presented is not a required format and SAMHSA does not expect strict adherence to this format. It is presented only as a sample of how you can present a logic model in your application.]

Sample Logic Model

+‡+	Sample Logic Woder					
	Resources _	→ Program Components	-	Outputs	→	Outcomes
	(Inputs)	(Activities)		(Objectives)		(Goals)
	Examples	Examples		Examples		Examples
	People Staff — hours Volunteer — hours Funds Other resources Facilities Equipment Community services	Outreach Intake/Assessment Client Interview Treatment Planning Treatment by type: Methadone maintenance Weekly 12-step meetings Detoxification Counseling sessions Relapse prevention Crisis intervention Special Training Vocational skills Social skills Nutrition Child care Literacy Tutoring Safer sex practices Other Services Placement in employment Prenatal care Child care Aftercare Program Support Fundraising Long-range planning Administration Public Relations		Waiting list length Waiting list change Client attendance Client participation Number of Clients: Admitted Terminated Inprogram Graduated Placed Number of Sessions: Per month Per client/month Funds raised Number of volunteer hours/month Other resources required		Inprogram: Client satisfaction Client retention In or postprogram: Reduced drug use — self reports, urine, hair Employment/school progress Psychological status Vocational skills Social skills Safer sexual practices Nutritional practices Child care practices Reduced delinquency/crime

Appendix F – Confidentiality and Participant Protection

1. Protect Clients and Staff from Potential Risks

- Identify and describe any foreseeable physical, medical, psychological, social, and legal risks or potential adverse effects as a result of the project itself or any data collection activity.
- Describe the procedures you will follow to minimize or protect participants against potential risks, **including risks to confidentiality**.
- Identify plans to provide guidance and assistance in the event there are adverse effects to participants.
- Where appropriate, describe alternative treatments and procedures that may be beneficial
 to the participants. If you choose not to use these other beneficial treatments, provide the
 reasons for not using them.

2. Fair Selection of Participants

- Describe the population(s) of focus for the proposed project. Include age, gender, and racial/ethnic background and note if the population includes homeless youth, foster children, children of substance abusers, pregnant women, or other targeted groups.
- Explain the reasons for including groups of pregnant women, children, people with mental disabilities, people in institutions, prisoners, and individuals who are likely to be particularly vulnerable to HIV/AIDS.
- Explain the reasons for including or excluding participants.
- Explain how you will recruit and select participants. Identify who will select participants.

3. Absence of Coercion

- Explain if participation in the project is voluntary or required. Identify possible reasons
 why participation is required, for example, court orders requiring people to participate in
 a program.
- If you plan to compensate participants, state how participants will be awarded incentives (e.g., money, gifts, etc.). Provide justification that the use of incentives is appropriate, judicious, and conservative and that incentives do not provide an "undue inducement" which removes the voluntary nature of participation. Incentives should be the minimum

amount necessary to meet the programmatic and performance assessment goals of the grant. Applicants should determine the minimum amount that is proven effective by consulting with existing local programs and reviewing the relevant literature. In no case may the value if an incentive paid for with SAMHSA discretionary grant funds exceed \$20.

• State how volunteer participants will be told that they may receive services intervention even if they do not participate in or complete the data collection component of the project.

7. Data Collection

- Identify from whom you will collect data (e.g., from participants themselves, family members, teachers, others). Describe the data collection procedures and specify the sources for obtaining data (e.g., school records, interviews, psychological assessments, questionnaires, observation, or other sources). Where data are to be collected through observational techniques, questionnaires, interviews, or other direct means, describe the data collection setting.
- Identify what type of specimens (e.g., urine, blood) will be used, if any. State if the material will be used just for evaluation or if other use(s) will be made. Also, if needed, describe how the material will be monitored to ensure the safety of participants.
- Provide in **Appendix 2, "Data Collection Instruments/Interview Protocols,"** copies of all available data collection instruments and interview protocols that you plan to use.

5. Privacy and Confidentiality

• Explain how you will ensure privacy and confidentiality. Include who will collect data and how it will be collected.

• Describe:

- o How you will use data collection instruments.
- o Where data will be stored.
- Who will or will not have access to information.
- How the identity of participants will be kept private, for example, through the use of a coding system on data records, limiting access to records, or storing identifiers separately from data.

NOTE: If applicable, grantees must agree to maintain the confidentiality of alcohol and drug abuse client records according to the provisions of **Title 42 of the Code of Federal Regulations**, **Part II.**

6. Adequate Consent Procedures

• List what information will be given to people who participate in the project. Include the type and purpose of their participation. Identify the data that will be collected, how the data will be used and how you will keep the data private.

• State:

- o Whether or not their participation is voluntary.
- o Their right to leave the project at any time without problems.
- o Possible risks from participation in the project.
- o Plans to protect clients from these risks.
- Explain how you will get consent for youth, the elderly, people with limited reading skills, and people who do not use English as their first language.

NOTE: If the project poses potential physical, medical, psychological, legal, social or other risks, you **must** obtain <u>written</u> informed consent.

- Indicate if you will obtain informed consent from participants or assent from minors along with consent from their parents or legal guardians. Describe how the consent will be documented. For example: Will you read the consent forms? Will you ask prospective participants questions to be sure they understand the forms? Will you give them copies of what they sign?
- Include, as appropriate, sample consent forms that provide for: (1) informed consent for participation in service intervention; (2) informed consent for participation in the data collection component of the project; and (3) informed consent for the exchange (releasing or requesting) of confidential information. The sample forms must be included in **Appendix 3, "Sample Consent Forms"**, of your application. If needed, give English translations.

NOTE: Never imply that the participant waives or appears to waive any legal rights, may not end involvement with the project, or releases your project or its agents from liability for negligence.

- Describe if separate consents will be obtained for different stages or parts of the project. For example, will they be needed for both participant protection in treatment intervention and for the collection and use of data?
- Additionally, if other consents (e.g., consents to release information to others or gather information from others) will be used in your project, provide a description of the consents. Will individuals who do not consent to having individually identifiable data collected for evaluation purposes be allowed to participate in the project?

7. Risk/Benefit Discussion

Discuss why the risks are reasonable compared to expected benefits and importance of the knowledge from the project.

Protection of Human Subjects Regulations

Applicants may also have to comply with the Protection of Human Subjects Regulations (45 CFR 46), depending on the evaluation and data collection procedures proposed and the population to be served.

Applicants must be aware that even if the Protection of Human Subjects Regulations do not apply to all projects funded, the specific performance assessment design proposed by the applicant may require compliance with these regulations. For assistance in determining if your proposed performance assessment meets the criteria in 45 CFR 46, Protection of Human Subjects Regulations, refer to the SAMHSA decision tree on the SAMHSA Web site, under "Applying for a New SAMHSA Grant," http://www.samhsa.gov/grants/apply.aspx.

Applicants whose projects must comply with the Protection of Human Subjects Regulations must describe the process for obtaining Institutional Review Board (IRB) approval fully in their applications. While IRB approval is not required at the time of grant award, these applicants will be required, as a condition of award, to provide the documentation that an Assurance of Compliance is on file with the Office for Human Research Protections (OHRP) and that IRB approval has been received prior to enrolling any clients in the proposed project.

General information about Protection of Human Subjects Regulations can be obtained on the Web at http://www.hhs.gov/ohrp. You may also contact OHRP by e-mail (ohrp@osophs.dhhs.gov) or by phone (240/453-6900). SAMHSA-specific questions related to Protection of Human Subjects Regulations should be directed to the program contact listed in Section VII of this RFA.

Appendix G – Funding Restrictions

SAMHSA grant funds must be used for purposes supported by the program and may not be used to:

- Pay for any lease beyond the project period.
- Provide services to incarcerated populations (defined as those persons in jail, prison, detention facilities, or in custody where they are not free to move about in the community).
- Pay for the purchase or construction of any building or structure to house any part of the program. (Applicants may request up to \$75,000 for renovations and alterations of existing facilities, if necessary and appropriate to the project.)
- Provide residential or outpatient treatment services when the facility has not yet been
 acquired, sited, approved, and met all requirements for human habitation and services
 provision. (Expansion or enhancement of existing residential services is permissible.)
- Pay for housing other than residential mental health and/or substance abuse treatment.
- Provide inpatient treatment or hospital-based detoxification services. Residential services are not considered to be inpatient or hospital-based services.
- Make direct payments to individuals to induce them to enter prevention or treatment services. However, SAMHSA discretionary grant funds may be used for non-clinical support services (e.g., bus tokens, child care) designed to improve access to and retention in prevention and treatment programs.
- Make direct payments to individuals to encourage attendance and/or attainment of prevention or treatment goals. However, SAMHSA discretionary grant funds may be used for non-cash incentives of up to \$20 to encourage attendance and/or attainment of prevention or treatment goals when the incentives are built into the program design and when the incentives are the minimum amount that is deemed necessary to meet program goals. SAMHSA policy allows an individual participant to receive more than one incentive over the course of the program. However, non-cash incentives should be limited to the minimum number of times deemed necessary to achieve program outcomes. A grantee or treatment or prevention provider may also provide up to \$20 cash or equivalent (coupons, bus tokens, gifts, child care, and vouchers) to individuals as incentives to participate in required data collection follow up. This amount may be paid for participation in each required interview.

- Food is generally unallowable unless it's an integral part of a conference grant or program specific, e.g., children's program, residential.
- Implement syringe exchange programs, such as the purchase and distribution of syringes and/or needles.
- Pay for pharmacologies for HIV antiretroviral therapy, sexually transmitted diseases (STD)/sexually transmitted illnesses (STI), TB, and hepatitis B and C, or for psychotropic drugs.

SAMHSA will not accept a "research" indirect cost rate. The grantee must use the "other sponsored program rate" or the lowest rate available.

Appendix H – Sample Budget and Justification (no match required)

THIS IS AN ILLUSTRATION OF A SAMPLE DETAILED BUDGET AND NARRATIVE. WITH GUIDANCE FOR COMPLETING SF 424A: SECTION B FOR THE BUDGET PERIOD

A. Personnel: an employee of the applying agency whose work is tied to the application

FEDERAL REQUEST

Position	Name	Annual Salary/Rate	Level of Effort	Cost
Executive Director	John Doe	\$64,890	10%	\$6,489
Coordinator	To be selected	\$46,276	100%	\$46,276
			TOTAL	\$52,765

JUSTIFICATION: Describe the role and responsibilities of each position.

The executive director will provide oversight of grant, including fiscal and personnel management, community relations and project implementation and evaluation. The coordinator will coordinate project services and project activities, including training, communication, data collection and information dissemination.

FEDERAL REQUEST (enter in Section B column 1 line 6a of form SF424A) \$52,765

B. Fringe Benefits: List all components of fringe benefits rate

FEDERAL REQUEST

Component	Rate	Wage	Cost
FICA	7.65%	\$52,765	\$4,037
Workers Compensation	2.5%	\$52,765	\$1,319
Insurance	10.5%	\$52,765	\$5,540
		TOTAL	\$10.896

JUSTIFICATION: Fringe reflects current rate for agency.

FEDERAL REQUEST (enter in Section B column 1 line 6b of form SF424A)

\$10,896

C. Travel: Explain need for all travel other than that required by this application. Local travel policies prevail.

FEDERAL REQUEST

TEDEMIL REQUE	<i>)</i> 1			
Purpose of Travel	Location	Item	Rate	Cost
Conference (be as	Washington, DC	Airfare	\$200/flight x 2	\$400
specific as possible)			persons	
		Hotel	\$180/night x 2	\$720
			persons x 2 nights	
		Per Diem (meals)	\$46/day x 2 persons	\$184
			x 2 days	
Local travel		Mileage	3,000	\$1,140
			miles@.38/mile	
			TOTAL	\$2,444

JUSTIFICATION: Describe the purpose of travel and how costs were determined.

Cost for two members to attend a grantee meeting in Washington, DC. Local travel is needed to attend local meetings, project activities, and training events. Local travel rate is based on agency's privately owned vehicle (POV) reimbursement rate.

FEDERAL REQUEST (enter in Section B column 1 line 6c of form SF424A)

\$2,444

D. Equipment: an article of tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit – federal definition.

FEDERAL REQUEST (enter in Section B column 1 line 6d of form SF424A)

\$0

E. Supplies: materials costing less than \$5,000 per unit and often having one-time use

FEDERAL REQUEST

Item(s)	Rate	Cost
General office supplies	\$50/mo. x 12 mo.	\$600
Postage	\$37/mo. x 8 mo.	\$296
Laptop Computer*	\$900	\$900
Printer*	\$300	\$300
Projector*	\$900	\$900
Copies	8000 copies x .10/copy	\$800
	TOTAL	\$3,796

JUSTIFICATION: Describe need and include explanation of how costs were estimated.

Office supplies, copies and postage are needed for general operation of the project. The laptop computer is needed for both project work and presentations. The projector is needed for presentations and outreach workshops. All costs were based on retail values at the time the application was written. *Provide justification for purchases, especially if they were requested and purchased under a previous budget.

FEDERAL REQUEST (enter in Section B column 1 line 6e of form SF424A)

\$3,796

<u>F. Contract</u>: generally amount paid to non-employees for services or products. A consultant is a non-employee who provides advice and expertise in a specific program area.

FEDERAL REQUEST (Consultant)

Name	Service	Rate	Other	Cost
To be selected	Coalition Building	\$150/day	15 days	\$2,250
	Travel	.38/mile	360 miles	\$137
			TOTAL	\$2,387

JUSTIFICATION: Explain the need for each agreement and how they relate to the overall project.

This person will advise staff and coalition members on ways to maintain, increase membership, and develop a Strategic Prevention Framework for the local coalition. The rate is based on the average consulting rate in this area. Consultant is expected to make up to 6 trips (each trip a total of 60 miles) to meet with staff and the coalition. Mileage rate is based on POV reimbursement rate. A request for proposal will be issued to secure a competitive bid before final selection is made.

FEDERAL REQUEST (Contract)

Entity	Product/Service	Cost		
To be selected	1.5 minute Public Service	\$2,300		
	Announcement (PSA)			
To be selected	Evaluation Report	\$4,500		
	TOTAL	\$6,800		

JUSTIFICATION: Explain the need for each agreement and how they relate to the overall project.

A local media outlet will produce a 1.5-minute PSA from the youth drug awareness video for the local television market. Tasks will include cutting and editing the tape, preparing introductory statement, inserting music and/or narrative, and synchronizing the sound track. A local evaluation specialist will be contracted to produce the year-end results of the coalition efforts. A request for proposal will be issued to secure a competitive bid before final selection is made.

FEDERAL REQUEST (enter in Section B column 1 line 6f of form SF424A)\$ 9,187 (combine the total of consultant and contact)

G. Construction: NOT ALLOWED — Leave Section B columns 1&2 line 6g on SF424A blank.

H. Other: expenses not covered in any of the previous budget categories

FEDERAL REQUEST

Item	Rate	Cost
Rent	\$15/sq.ft x 700 sq. feet	\$10,500
Telephone	\$100/mo. x 12 mo.	\$1,200
Student Surveys	\$1/survey x 2784	\$2,784
Brochures	.89/brochure X 1500 brochures	\$1,335
	TOTAL	\$15,819

JUSTIFICATION: Break down costs into cost/unit, i.e. cost/square foot. Explain the use of each item requested.

Rent and telephone are necessary to operate the project. The monthly telephone costs reflect the % of effort for the personnel listed in this application. Survey copyright requires the purchase of the ATOD surveys. Brochures will be used at various community functions (health fairs and exhibits).

FEDERAL REQUEST (enter in Section B column 1 line 6h of form SF424A) \$ 15,819

Indirect cost rate: Indirect costs can only be claimed if your organization has a negotiated indirect cost rate agreement. It is applied only to direct costs to the agency as allowed in the agreement. For information on applying for the indirect rate go to: samhsa.gov then click on Grants – Grants Management – HHS Division of Cost Allocation – Regional Offices.

FEDERAL REQUEST (enter in Section B column 1 line 6j of form SF424A) **\$5,093** 8% of personnel and fringe (.08 x \$63,661)

BUDGET SUMMARY:

Category	Federal Request
Personnel	\$52,765
Fringe	\$10,896
Travel	\$2,444
Equipment	0
Supplies	\$3,796
Contractual	\$9,187
